**Annual Disclosure Statement**

Mid-State Technical College is committed to maintaining an environment that supports student learning and achievement.

This report complies with various state and federal laws requiring that certain information be provided to all students and staff annually to promote a safer environment. It includes information related to alcohol & drugs, sexual harassment, equal opportunity, campus security information, and crime statistics for the previous three years. This report is an excellent tool to learn what is necessary to protect yourself, assist your peers, and join us in efforts to make a difference in our campus communities.

Paper copies of this document may be requested through Human Resources at (715) 422-5321 or toll free at (888) 575-6782. For individuals who are hearing impaired, contact the Wisconsin Relay Service at 711.

**Annual Equal Opportunity/Affirmative Action Notice**

The College will seek continuous compliance with the following laws: Titles VI and VII of the Civil Rights Act of 1964 as amended; Equal Pay Act of 1963 as amended; Age Discrimination in Employment Act of 1967 and 1975; Title IX of Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; the Vocational Education Amendments of 1976; Civil Rights Restoration Act of 1987; Civil Rights Act of 1991; Carl D. Perkins Vocational Career and Technical Education Act; Americans With Disabilities Act of 1990 as amended; Wisconsin Fair Employment Law; Chapter 38.23 of the Wisconsin State Statutes; and the Office for Civil Rights Guidelines for the Elimination of Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex and handicap in Vocational Programs (34 CFR, Part 100, Appendix

B).

Equal opportunity within the scope of these guidelines is for employees, applicants for employment, students, and the general public without regard to age, race, creed, color, disability, marital or parental status, sex, pregnancy, national origin, ancestry, religion, sexual orientation, arrest or conviction record, service in the armed forces, genetic testing, and the use or non-use of lawful products off the College's premises during non-working hours. Retaliation is a form of discrimination, and as such is prohibited. The College recognizes that equal employment opportunities are a legal, social, and economic necessity to the district.

The College commits itself to a continuing program to assure that unlawful discrimination does not occur in the services it renders to the public.

Inquiries regarding this equal opportunity/non-discrimination policy may be directed to:

Mid-State Technical College provides reasonable accommodations to assist persons with disabilities to access or participate in its programs or activities. Students who wish to request assistance or reasonable accommodation should contact the Accessibility Services Coordinator at (715) 422-5452. Others who wish to request assistance should contact Human Resources at (715) 422-5325. For individuals who are hearing impaired, contact the Wisconsin Relay Service at 711.

**About Mid-State Technical College**

Mid-State Technical College (Mid-State) is one of 16 colleges that comprise the Wisconsin Technical College System (WTCS), which provides education and training throughout the state. Mid-State serves eight counties in Central Wisconsin with locations in Adams, Marshfield, Stevens Point, and Wisconsin Rapids.

With a mission to transform lives through the power of teaching and learning, the College and its employees are guided by a set of values that are a part of Mid-State's past and will continue to be part of its future. The key to creating a truly great learning organization is an intense focus on the following values, which guide the actions of every Mid-State employee: Student Centeredness, Commitment, Accountability, Respect, Integrity, and Exceptional Service.

**SECURITY INFORMATION**

Because of the College's commitment to safety and security at each of its locations, as well as to ensure compliance with state and federal regulations, the college prepares, publishes and distributes the following information to all current students and employees, as well as to any applicant for enrollment or employment, and upon request.

## **Reporting of Workplace Violence**

If there is an imminent danger, call 911 immediately.

The safety and security of Mid-State students, staff, visitors and property are important to the College. The College will not tolerate any workplace violence or threats of violence by or against its employees. Workplace violence includes conduct occurring on college premises, directed toward or against any college employee, client, student, or supplier whether committed by an employee or outsider that involves physical acts of violence, oral or written threats of violence, or gestures or acts that are threatening or intended to convey actual or potential injury. It also includes acts and threats that are later claimed to have been made in jest.

Every employee must take any act or threat of workplace violence seriously. Any employee that is subject to, witnesses, or learns about an act or threat or who fears or suspects that such an act may occur is required to report the act, threat, fear, or suspicion to a Mid-State supervisor as soon as the act or threat occurs or as soon as the employee fears or suspects that such an act may occur.

When appropriate, the College will refer acts or threats of workplace violence to local law enforcement or other authorities for possible criminal prosecution.

## **Emergency Response and Evacuation Procedures/Timely Warnings**

Contact 911 in the event of an imminent threat or dangerous situation. Then when able notify Mid-State Campus Security, (715) 422-5656 or 5656 from a campus phone.

In an emergency call 911, explain who you are and the emergency or criminal action. Notify a college supervisor of the situation immediately and complete an Incident Report Form. The form will be directed to the appropriate staff and acted upon as dictated by the urgency.

### [Mid-State Policies](#)

In a non-emergency situation, notify Mid-State Campus Security and complete an Incident Report Form. The Incident Report Form is not considered confidential information and is available to the appropriate college staff and law enforcement.

The College offers an Emergency Broadcast System (Rave and Informacast) to provide timely warnings and emergency notifications of campus emergencies such as fire, severe weather, and school closings. The system uses multiple delivery methods (voice messages to land (home) and cell phones, e-mails, and text messages to cell phones) to provide information to students and employees.

Mid-State's emergency response and evacuation procedures are tested on an annual basis. Procedures are publicized in conjunction with the exercise performed at each location. The College documents a description of the exercise including the date and time of the exercise, whether it was announced or unannounced, and analyzes/updates as needed.

## **Emergency Procedures for Individuals with Disabilities**

In the event of an emergency requiring evacuation of any campus building, please assist individuals with disabilities who request or appear to need assistance in finding a safe location. Students with disabilities are encouraged to speak with the Accessibility Services Coordinator

regarding specific needs if a quick and safe evacuation is necessary.

In the event of any emergency requiring evacuation from the second floor of the Administration (A) Building on the Wisconsin Rapids campus, a special procedure has been mandated by the Grand Rapids Fire Department with regard to individuals with disabilities. Room A224 has been designated as the location for individuals with disabilities to be quickly and safely rescued by the fire department in the event the individual cannot be safely evacuated down the stairwells or elevator. If Room A224 is an immediate area of danger, a safe room farthest from the source of danger should be chosen and the fire department notified of the individual's location. White and blue handicap symbol signs have been placed on the outside window and on the sidelight of the hallway door of Room A224 to easily identify the room.

If buildings are evacuated, students and staff will not have access until authorities have approved the facilities to be secure and safe for re-entry.

### **Emergency Procedures**

The College has created an Emergency Reference Guide available to students and employees to provide basic guidelines for responding to a variety of emergencies. Situations addressed in the Emergency Reference Guide include Active Shooter/Violence Threat, Bloodborne Pathogen Exposure, Chemical Spill/Hazardous Material, Medical Emergency, Severe Weather/Tornado, Fire/Explosion, Mental Health Crisis/Suicide Threat, and Bomb Threat. An Emergency Reference Guide is posted in each classroom. Please familiarize yourself with the location of the Emergency Reference Guide in each classroom.

### **Security and Access to Campus Facilities**

Most campus buildings and facilities are accessible to members of the campus community, including guests and visitors, during normal hours of business. During closed periods, buildings are locked and checked periodically.

### **Policy Concerning Campus/Law Enforcement**

Mid-State maintains a cooperative working relationship with local law enforcement throughout the district. The College will cooperate fully with all law enforcement agencies to maintain informed cooperative efforts in preventing campus crime and resolving crime-related problems. Information regarding security or other criminal activity is exchanged with law enforcement agencies.

### **Position on Crime Prevention**

Efforts are made to minimize or eliminate criminal activity wherever possible and to encourage students and employees to be aware of and responsible for their own security and the security of others. This information is made available through orientation, in-service and printed materials.

The College may find it necessary to monitor areas with security cameras for specific business-related reasons such as security, theft protection, protection of proprietary information, etc. The College will only do so after first ensuring that such action complies with state and federal laws. Questions regarding this should be directed to the Security Director at (715) 422-5656.

## **Crime Reporting**

Any student who is the victim of a crime or who witnesses a crime on Mid-State property should immediately report it to Mid-State Campus Security. The College will refer reports of crime to the local law enforcement or other authorities for possible criminal prosecution.

## **DRUG AND ALCOHOL POLICY**

Committed to maintaining a drug-free learning and working environment, the College adheres to the following policies:

### **Alcohol & Other Drug Policy & Procedures for Students**

The College recognizes that the abuse of alcohol and other drugs interferes with a person's ability to learn, retain new information, and increases the risk of accidents and serious health problems. All drugs chemically influence a person's motor skills, body functions, and brain processes, interfering with judgment, perception, reaction time, and other skills necessary to produce a safe and effective learning climate.

**Intoxicants:** Any use of intoxicants or other substances which might impair a student's performance or safety, or which might interfere with the student's proper functioning or behavior on campus or in class, is prohibited and may lead to immediate dismissal.

The unauthorized use, possession, manufacture, sale, or delivery of illegal drugs and alcohol on district property or at any gathering of students or employees that is sponsored by the district is prohibited. Anyone participating in these activities will be reported to local law enforcement officials and to any federal granting or contracting agency as required by law.

### **Alcohol and Drug Policy for Employees**

To provide a working environment free of drugs and alcohol, the College has developed a policy prohibiting the unauthorized use, possession, manufacture, sale, or delivery of illegal drugs or alcohol or the unauthorized use of prescription drugs on district property, or at any gathering of employees that is sponsored by the College.

A copy of the College's Alcohol and Drug policy may be accessed at [Mid-State Alcohol and Drug Policy](#)

In addition to college policies, legal sanctions under local, state and federal law for the unlawful possession or distribution of illicit drugs and alcohol may apply, including monetary penalties and/or imprisonment.

### **Health Effects of Drug and Alcohol Abuse**

The abuse of alcohol and use of other illegal drugs is detrimental to the health of the user. Further, the use of drugs and alcohol is not conducive to an academic atmosphere. Drugs impede the learning process and can cause disruption for other students and disturb their academic interests. The use of alcohol or drugs in the workplace may also impede the employee's ability to perform in a safe and effective manner and may result in injuries to others. Early diagnosis and treatment of drug and alcohol abuse is in the best interest of the student, employee, and the college.

The effects of any drug depend on the amount taken at one time, the past experience of the drug

user, the circumstances in which the drug is taken (place, feelings, activities of the user, presence of other people, and simultaneous use of other drugs) and the way the drug is taken.

### **Alcohol and Other Drug Abuse (AODA) Intervention**

Initial contact with the person suspected of either being affected by alcohol or other drugs, or abusing substances is made by a trained specialist. The specialist assesses the intervention service type to be used and then decides where to refer, or what additional services to recommend. Intervention can be very effective in leading someone into treatment and stopping the enabling that is a trap for family and friends. Referral to a drug and alcohol service organization can lead to more in-depth assessment and treatment recommendations.

### **Treatment/Rehabilitation**

Chemical dependence is a treatable disease. There is absolutely no need for anyone to remain a victim of chemical dependence. Treatment can include medical detoxification, inpatient, outpatient and day treatment to assist the chemically dependent person to achieve and maintain sobriety.

### **How Do I Know if I Have a Problem?**

Warning signs of alcohol or other drug problems are not always dramatic. They have more to do with attitude and interpersonal relations than with “passing out” or medical emergencies.

The following questions can help identify dependence. Are you:

- Steadily drinking or using more at a time or more often?
- Setting limits on how much, how often, when or where you will drink or use other drugs and repeatedly violating them?
- Keeping a large supply on hand or becoming concerned when you run low?
- Drinking or using other drugs before you go out with friends who don't drink or before going to activities where they won't be available (class, work, etc.)?
- Drinking or using other drugs alone?
- Drinking or using other drugs every day?
- Spending more money than you can afford on alcohol or other drugs?
- Doing or saying things when you're under the influence that you regret later or don't remember?
- Lying to friends and family about your drinking or other drug use?
- Becoming accident-prone when you're under the influence (spilling, dropping, breaking things)?
- Regularly hungover the morning after drinking?
- Worrying about your drinking or other drug abuse?
- Having academic problems such as missing classes, difficulty studying, showing little interest in school or declining grades?
- Reducing contact with friends or experiencing increasing problems with important relationships?

If you answered “yes” to any of these questions, you should consider consulting a counselor or health professional. While one “yes” doesn't mean you are dependent, it suggests that your drinking or other drug use may be causing you some problems. Contact the Mid-State Student Services Office for additional information, including addresses and telephone numbers of agencies

designed to assist individuals who are encountering problems with alcohol and other drugs.

In addition, as a requirement of the Drug Free Schools and Communities Act, Mid-State Technical College is to disseminate and ensure receipt of the below policy/information to all students, staff, and faculty on an annual basis. Questions concerning this policy and/or alcohol and drug programs, interventions, and policies may be directed to the Dean of Student Success by calling (715) 422-5628 or emailing [stephanie.bender@mstc.edu](mailto:stephanie.bender@mstc.edu)

**Standards of Conduct**

Mid-State is committed to providing an environment where learning and scholarship can flourish. The use of illegal drugs, and the illegal use of alcoholic beverages is identified as conduct that adversely affects the college community. Mid-State Technical College regulations prohibit any unlawful possession, use, distribution, or sale of alcohol and other drugs by college students, faculty, staff, or guests on college owned property and at all college sponsored events.

**Disciplinary Sanctions**

The penalties for misconduct range from warning to expulsion. Students who violate the Student Code of Conduct will be referred to the Dean of Student Success. Students and staff are also subject to city ordinances and state and federal laws related to drugs and alcohol.

Faculty and staff sanctions are listed in the Mid-State Employee Handbook.

### Federal Drug Laws

The possession, use, or distribution of illicit drugs is prohibited by federal law. Strict penalties are enforced for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for convictions. All penalties are doubled for any subsequent drug conviction.

### Forfeiture of Personal Property and Real Estate (21 USC 853)

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant for seizure is issued, and property is seized at the time an individual is arrested on charges that may result in forfeiture.

### Federal Drug Trafficking Penalties (21 USC 841)

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following list is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces a mandatory life sentence and fines ranging up to \$8 million.

People convicted on federal charges of drug trafficking within 1,000 feet of a university (21 USC 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for

the offense, with a mandatory prison sentence of at least 1 year.

### Impact of a Drug Conviction

If you are incarcerated in a federal or state institution you are not eligible for Federal Pell Grants or Federal Student Loans. If you are in an institution other than federal or state, you cannot get Federal Student Loans but you can be eligible for Federal Pell Grants. Your eligibility might also be suspended if the offense occurred while you were receiving federal student aid (grants, loans, or work-study.) If your aid has been suspended due to a drug conviction you can regain eligibility by completing an approved drug rehabilitation program or by passing two unannounced drug tests administered by an approved drug rehabilitation program. If you are convicted of a drug-related offense after you submit the FAFSA form, you might lose eligibility for federal student aid, and you might be liable for returning any financial aid you received during a period of ineligibility.

### AOD Resources

Counseling is available free of charge to all Mid-State students. While Mid-State does not treat drug or alcohol addiction, Mid-State Student Success Counselors are a great starting point to finding appropriate resources within the community. You can schedule with a Mid-State Counselor by calling (715) 422-5300.

**SEXUAL ASSAULT AWARENESS**

The following information has been prepared in compliance with Wisconsin Act 177, and provides

information regarding potential preventative measures, services available to victims and how reports of sexual assault and the assailant will be handled. Reporting the crime and seeking assistance is encouraged. Also, see Mid-State's Administrative Policy, Sexual Assault and Sexual Misconduct.

### [Mid-State Administrative Policy - Sexual Assault & Sexual Misconduct](#)

#### **Sexual Assault Facts**

##### **(National Criminal Victimization Survey, 2005 & 2010. U.S. Department of Justice)**

One out of every six American women has been a victim of an attempted or completed rape in their lifetime. Annually, about 3% of all college women are sexually assaulted. The majority of sexual assaults are committed by men who are known by the victim.

- 73% of sexual assaults are committed by men known to the women they assault.
- 48% of the assailants were friends or acquaintances of the women.
- 17% of the assailants were once intimate partners of the woman.
- 8% of the assailants were relatives of the woman.
- Victims range in age from infants to elderly
  - 15% are under age 12
  - 29% are ages 12 to 17
  - 44% are under age 18
  - 80% are under age 30
- About 3% of American men have experienced an attempted or completed rape in their lifetime.

#### **Definitions of Sexual Assault**

Federal and state statutes define sexual assault differently. Instead of a legal definition of forcible rape, Wisconsin describes four degrees of sexual assault, ranging from unwanted touching to forced intercourse under 940.225 of the Wisconsin statutes. The statutes define the act as sexual contact or sexual intercourse with another person without consent of that person. It emphasizes the degree of force used by the assailant and the amount of harm done to the victim, not the resistance offered by the victim.

#### **Sexual Assault and Your Rights**

##### *Wis.Stats.950.01 Legislative Intent*

In recognition of the civic and moral duty of victims and witnesses of crime to fully and voluntarily cooperate with law enforcement and prosecutorial agencies, and in further recognition of the continuing importance of such citizen cooperation to state and local law enforcement efforts and the general effectiveness and well-being of the criminal justice system of this state, the legislature declares its intent, in this chapter, to ensure that all victims and witnesses of crime are treated with dignity, respect, courtesy, and sensitivity; and that the rights extended in this chapter to victims and witnesses of crime are honored and protected by law enforcement agencies, prosecutors and judges in a manner no less vigorous than the protection afforded criminal defendants.

#### **Reduce Your Risk of Sexual Assault**

- Look out for your friends. Share class and social schedules. Be sure your friends know how to reach your family, and your family has their contact information.
- Stay in a group. Do not be alone with someone you don't know or trust.

- ❑ Do not leave your drink unattended, someone could put drugs in it.
- ❑ Know where emergency phones are, what parts of campus are well lit and where people hang out.
- ❑ If drinking might have impaired your judgment or your partner's judgment, say no for now; you can always reconsider tomorrow.
- ❑ Communicate your limits firmly and directly. If you say no, say it like you mean it. Be loud, clear, and firm in body language as well as words.
- ❑ Trust your instincts. Do not feel obligated to do anything you don't want to. "I don't want to" is always a good enough reason.

### **What to do if you are Sexually Assaulted**

- ❑ Find a safe environment away from your attacker. Ask a trusted friend to stay with you. Remember, it is not your fault you were attacked.
- ❑ Preserve evidence of the attack. Though you may want to, do not bathe or brush your teeth. Do not wash or get rid of any of the clothing that you were wearing. Write down as many details as you can recall.
- ❑ Report the assault to police. A counselor can help you through the process.
- ❑ Seek medical attention. Even if you don't think you're injured, it's important to test for STDs and pregnancy. Ask the hospital to conduct a rape kit exam and, if you think that you have been drugged, collect a urine sample for analysis by a lab.

### **Where to Find Help**

Rape Crisis Centers have been formed across the country to assist sexual assault survivors and their families in dealing with the aftermath of these crimes. If you have been sexually assaulted, contact your local law enforcement agency at **911** and/or the following:

### **Registered Sex Offenders**

Information regarding registered sex offenders can be obtained from the Wisconsin Department

of Corrections Sex Offender Registry. This website is designed to enhance public safety by making the information contained in the Sex Offender Registry easily accessible to the public.

### [Sex Offender Registry](#)

It will also serve to enhance public awareness about sexual violence in our communities and provide valuable information about the ways in which individuals and communities can protect themselves and those they love from acts of sexual violence. The hope is that this website may also, in some meaningful way, reduce future victimization and the suffering that accompanies it.

Information that is provided to Mid-State regarding a student who is a registered sex offender, under the auspices of the Wetterling Act is releasable without the consent of the student.

### **Reportable Crimes Under the Clery Act – 34 CFR 668.46(C)**

This section defines the crimes identified in *The Handbook for Campus Safety and Security Reporting*. The *Handbook* was written as guidance to comply with the federal *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*. The crimes identified below are included in the Campus Crime Statistics each year.

### **CRIMINAL OFFENSES**

- **Murder/Non-Negligent Manslaughter:** the willful (non-negligent) killing of one human being by another. Note: Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.
- **Negligent Manslaughter:** the killing of another person through gross negligence.
- **Robbery:** taking or attempting to take anything from value of the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
- **Aggravated Assault:** an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.
- **Burglary:** The unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.
- **Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned - including joy riding)
- **Arson:** The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another kind.

### **Arrests and Referrals for Disciplinary Action**

- **Weapon Law Violations:** The violation of laws or ordinances dealing with weapon offenses,

regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

- **Drug Abuse Violations:** Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadones); and dangerous non-narcotic drugs (barbiturates, Benzedrine).
- **Liquor Law Violations:** The violation of laws or ordinance prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition.)

### Hate Crimes

The College is required to report statistics for bias-related (hate) crimes by the type of bias as defined below for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug abuse violations and/or weapons: possessing carrying, etc. and larceny-theft, destruction/damage/vandalism of property, intimidation, and simple assault (see definitions below).

- **Larceny:** The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.
- **Vandalism:** To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.
- **Intimidation:** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- **Simple Assault:** An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

A bias-related (hate) crime is not a separate, distinct crime, but is the commission of a criminal offense, which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the

offense because of his bias against the victim's race, sexual orientation, etc., the assault is then also classified as a hate crime.

### **Sex Offenses**

- **Sex Offenses-Forcible:** Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.
- **Forcible Rape:** The carnal knowledge of a person, forcibly and/or against the person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).
- **Forcible Sodomy:** Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.
- **Sexual Assault with an Object:** The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.
- **Forcible Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.
- **Sex Offenses-Non-forcible:** Unlawful, non-forcible sexual intercourse.
- **Incest:** Non-forcible sexual intercourse between people who are related to each other within the degree wherein marriage is prohibited by law.
- **Statutory Rape:** Non-forcible sexual intercourse with a person who is under the statutory age of consent.

### **Dating Violence, Domestic Violence, and Stalking**

- **Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved in the relationship.
- **Domestic Violence:** "Domestic Violence" includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

- **Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.
